

Here's what families are saying . . .

"My husband and I chose Red Hill as day care and a place for education for our children because first of all we wanted them to get a Christian education. We like that Bible is integrated into every subject, that children pray before meals, learn fun Bible songs and stories, and pray for their teachers. We also like the teachers. They show their passion for teaching through the activities they plan. Our children have learned a lot through their time at Red Hill and we always recommend it to our friends that are looking for a place for their children. It has provided a great foundation for our children's education. A.S.

"I am happy with my son's progress. I enjoy that the teachers at RHCS are Christ-centered. The school has a small 'family feel' which I really appreciate." K.L.

"I love the challenges that Deep Creek gives my child, and I love to see her rise to meet those challenges. I really enjoy that she comes home and sings songs about God to her baby brother. It makes me smile every time." H.S.

"Our daughter has attended RHCS since 2008 when she was 2 years old. She just turned 5 and attends the Modified Kindergarten program. She has had the opportunity to be in nurturing learning environments where her academic, social and emotional needs have flourished. We have been pleased with the staff and resources provided, and she continues to make progress at RHCS." M.S.

"I am so pleased to be able to say that RHCS has prepared our daughter very well for her middle school experience. She recently had a Science Fair at school and her teachers were really impressed with her choice of topic, execution and presentation. We credit all of the Science Fairs at Deep Creek Elementary for preparing her to produce a superior project and, as her teacher stated, 'thinking like a scientist.' She also surprised the administrator at her current school for transitioning very well to a rigorous math program. Thank you for all the years of nurturing and individual attention given to our daughter." L.N.

"I want to thank Mrs. Stair and all the teachers that take care of my son. My son has been attending the Toddler program at the Cedar Grove campus. Ms. Greer and her helpers have been outstanding with the attention they provide him and all the toddlers in his class. I wouldn't hesitate to recommend your facility to anyone looking for a day care for their toddler. I have noticed a lot of changes since he first started your school. He has become more outgoing and has learned a lot such as singing parts of songs, and knowing the difference between numbers and colors. He seems to learn more and more each day. I enjoy seeing the artwork he brings back, and reviewing the daily reports. Your school provides me the piece of mind a parent wants knowing that your child is in good hands while at work. Many thanks!" A.W.

"We like that the same Christian values that we try to teach our children in our home are also taught in the school, which is very important to us. My daughter's schoolwork is at just the right level for her where she is challenged, but it is not too hard." S.K.

"My daughter has grown so much since coming to Deep Creek Elementary. She is learning to be so much more outgoing and to be able to handle more situations with peers at school and outside. She is much more confident and happy with herself and her achievements. My daughter and I love that there are so many chances for me to come and be involved in her school. She is so excited about learning and telling others what she is learning. The teachers are wonderful! They are helpful to my child and loving and caring. My daughter is always happy to be in their care and to learn from them. I love the teachers because they are always willing to answer a question or give suggestions, and they are willing to call you and to let you know when the bus gets there when it is snowing outside. I really do love this school and am excited to send my other children to this school to learn and have fun." H.S.

"Red Hill Christian School is a wonderful place and it was an answer to our prayers. Our daughter has done well there which I attribute to her magnificent teachers." E.M.

"I love the smaller class sizes, that my child doesn't get lost among other student and is given the proper attention he needs. I appreciate that the teachers listen to the parents and understand their concerns. I especially like that the education is surrounded by the Word of God." D.H.

"I feel that RHCS will give my daughter the best start to her life. I love knowing that she is surrounded by decent people who have her best interests at heart." S.H.

"I enjoy the full-day kindergarten, which I feel is more challenging rather than half-day kindergarten. I really enjoy the amount of students in the class and school, it allows for more one-on-one work. Finally, I enjoy the curriculum, it is very well rounded." N.D.
